[More Details please see the web \(click\)](#)

- Agent Based Simulation
- Analytical and Stochastic Modeling Techniques and Applications
- Biomedical visualization and applications
- Bond Graph Modeling
- Chaos Modeling, Control and Signal Transmission
- Circuit simulation & modeling
- Computational and Systems Biologym
- Computational Modeling and Simulation in Science and Engineering
- Computer Games and Simulation
- Databases and visualization
- Device simulation & modeling
- Discrete and numerical simulation
- Discrete Event Modeling and Simulation in Production, Logistics and Transport
- Emerging technologies and applications
- Finite and boundary element techniques
- High Performance Computing & Simulation
